The CARE Project is a nonprofit organization dedicated to bringing hope to families who have children and/or adults with hearing challenges through counseling experiences aimed at the processing of the emotional stages of grief. The KY Retreat is focused on families with children 0—3 years of age.

Family retreats are organized, funded, and hosted by The CARE Project across the United States. These retreats are 2-3 day experiences full of informational seminars, family-to-family bonding time, social activities, and breakout groups for moms, dads, siblings, and children who are deaf and hard of hearing. Our programming encourages advocacy, resilience, and community-building.

**Families must apply through the link below. All families are selected and approved by The Care Project Executive Director.**
